

Ugreen Souris sans fil 15064 Bleu

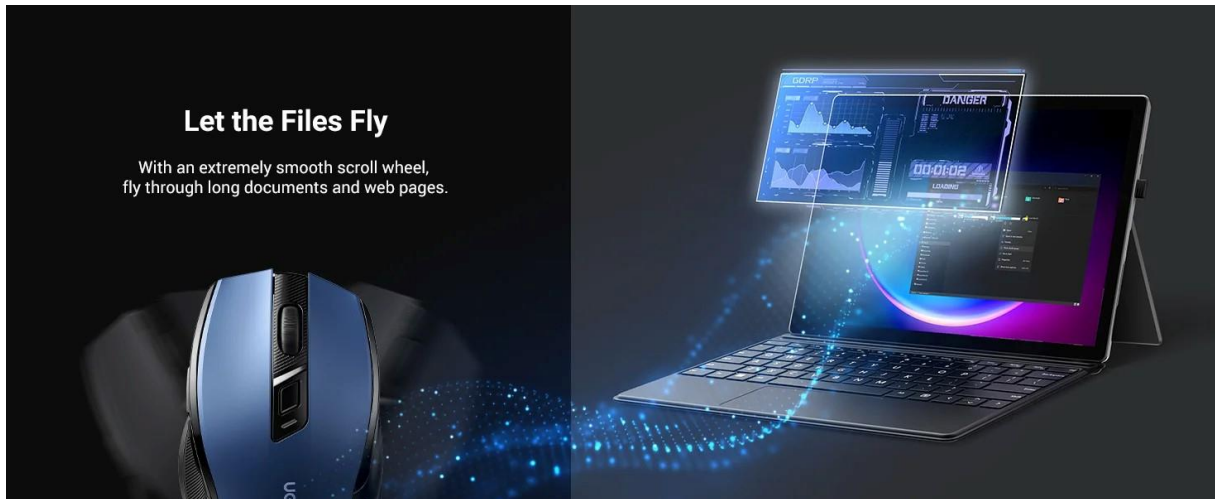

Full-Size Ergonomic Mouse:

The ergonomic wireless mouse follows the natural curve, adopts soft rubber grips and broad palm area, plus the sculpted sides to give some extra grip, greatly enhance comfort and relieve shoulder or wrist strain after long-time work. With four standard buttons and back/forward buttons, UGREEN ergo mouse makes web browsing a breeze whether in mac mode or windows mode.

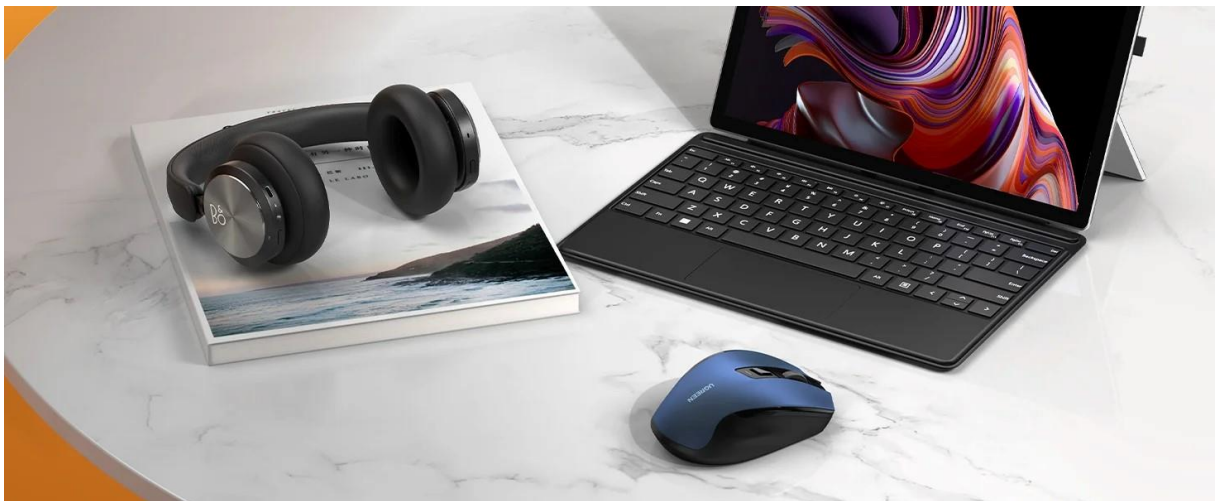

5 Levels Adjustable DPI:

Featured 5 levels adjustable DPI (4000/2400/1600/1200/800), this wireless mouse could provide higher sensitivity for fast and precise tracking. The optical sensor of the mouse works smoothly and accurately under high-speed operation even on different surfaces, perfect for 4K/8K HD display.

5 Levels Adjustable DPI:

Featured 5 levels adjustable DPI (4000/2400/1600/1200/800), this wireless mouse could provide higher sensitivity for fast and precise tracking. The optical sensor of the mouse works smoothly and accurately under high-speed operation even on different surfaces, perfect for 4K/8K HD display.

18-Month Battery Life:

UGREEN wireless mouse for laptop with a battery life of up to 18 months, practically eliminating the need to replace batteries. A smart power-saving chip, auto-sleep mode and on/off switch help to extend battery life. Note: The computer mice is powered by a 1AA battery (not included).
